

Payment for Services and Insurance Billing

PAYMENT FOR SERVICES: To help maintain a positive doctor–patient relationship, it is important to have a clear understanding of our financial policies. Our office operates on a fee-for-service basis, meaning patients are responsible for payment on the day treatment is provided. We will provide an estimate for services based on the information received from your insurance company.

If no insurance information is provided for verification, full payment is required at the time of service unless prior arrangements have been approved by our front office staff or doctor.

INSURANCE BILLING: Please note that dental insurance is a contract between you and your insurance provider. Any estimate provided by our office is exactly that—an estimate. Your insurance may pay more or less than expected.

As a courtesy, we will file claims on your behalf. However, if your insurance does not cover the anticipated amount, the remaining balance is your responsibility.

We accept cash, checks, all major credit cards, and Cherry Financing.
